

TRIAX

connecting the future

TRIAX Service Agreement

Make your business simpler and offer your customers more

Dedicated service and support ensuring customer and end-user satisfaction

A TRIAX Service Agreement ensures your solutions are always up and running, always up to date and always backed up by the best service and support; helping you operate a professional and profitable business. It's that simple.

Your Service Agreement benefits

Supported Setup

- Get easy online access to trouble tickets, download of software updates, release notes, user and how-to guides etc.
- Global presence – local reach
Contact our TRIAX Support Centres via TRIAX helpdesk, e-mail or telephone
- Free of charge 30 day Trail period for TRIAX headends with unlimited access to all features

Supported Installation

- Project planning support
- Online solution backup in our secure data centre
- Bespoke training in TRIAX training centre

Supported Solution

SWAP service on hardware:

- Minimize downtime of your TRIAX Headend solution with our SWAP service on hardware
- Benefit from prioritised incident handling – same day shipment of your replacement product

Hardware and software maintenance:

- Extend the standard 24-month hardware warranty up to an additional 36 months covering any required repairs or replacements
- Get discounts on software updates and upgrades – in addition to corrective software releases covered by the standard warranty

Profit from the right TRIAX Service Agreement

Obtain a secure and profitable business with a TRIAX Service Agreement that fits your business and needs. Choose between three levels of service – Pay-as-You-Go, BASIC and PLUS – and profit from a high customer satisfaction.
